Hi

The points can be said about this game and guide is that unlike many other games, this game does not have specific method and sequence of events. This is a complete freeroam game. This means players can largely determine the order of events in the game. The way and sequence of these events determines which direction the game will go.

This game has several paths. Therefore, writing a guide that sorts and numbers the events of the game from the beginning to the end will either not be possible or it will be very difficult and its text will be very long. On the other hand, it will destroy the fun of the game. Also, if the players forget to do something or miss something during the game, the gameplay will change completely and will no longer progress with the game guide.

This game has many "Opportunities" and "Events", some of them are interconnected. The order of events and choices that each player makes about each of these "opportunities" and "events" determines how the game will continue and end.

This guide tells you how each of these "Opportunities" and "Events" will be start, how they ends, what happens within them, and what other opportunities and events are associated with them. And it also tells what choices change the course of the game.

It is recommended to players use the in-game hints and this guide at the same time. First players can use the in-game hints. Wherever players have no idea what to do about encountered problems, they can use this guide based on what opportunity and stage of it or what event have problem with.

The next thing, this is a Puzzle-Mystery genre game and its main idea is to finding solutions for problems. In order to progress in this game the player must have goal and plan, otherwise the players in this game can lost easily wander aimlessly without reaching anywhere. Also, a wrong choice, missing an opportunity or aimless clicks can lead to the result that is not desired by the player. So there is no guarantee all of the each path contents have seen by the player by wrong choices and aimless clicks .even if the player has reached the end of the path.

I hope this guide helps you if you need help.

Blog

At the Game beginning

On Breakfast:

Follow the conversations as below:

I am worried

I'll try ...

You're one to ...

And what are ...

Good luck with that ...

Congratulations, Lisa!

Don't worry , ...

Is it always ...

Good luck ...

I'm sure...

Ok , I'll ...

**** Now the "blog" has entered in the conversations ****

Day 1 > Alice Room or In the Yard:

So , you Have blog

No , I

What are ...

And you don't ...

Maybe...

I'M sorry...

Maybe...

If I'll ...

Day 2 > Dinner

Blog will be discussed on the second night at dinner

**** Now "Blog" is started ****

Go to your room and use your laptop:

Laptop>Search Bar> Read about blogs

Gather

Analyze...

Make ...

Alice > As soon as possible

Talk to Alice about the blog again. Follow the conversations.

Buy a hidden camera and install it in Alice's room

Check the Alice room hidden camera in 21:00-22:00 when she is doing her blog things. If she had fun. Talk to her about it. [\(The chance of it happening on Tuesdays and Sundays is 50%\)](#)

**** Now new lingerie is available in store****

Buy lingerie and give it to her. Don't do that without ask something from her. She will tell you about a sexier semi bodysuit.

Sexy black semi bodysuit will be available in the store in two modes:

*) On the first Monday after eight days from when Max buy the lingerie and give it to Alice.

*) A while after the first photo shoot with Kira. [\(Check Favorite aunt OP\)](#).

Tip: You need the camera to give Alice the second lingerie

Alice Room:

Buy sexy dark semi bodysuit and peep her at the window when she doing her blog thing. When she notices your presence you can give her the new dark semi bodysuit. You can have photo shoot with her. If you use liquor infused candy, you can take more photos of her.

For the next step, peep Alice through the window when she doing her blog thing Again and give her the pictures you took. [\(To do this, make sure Alice notices your presence\)](#)

The next time Eric comes to the house, he will ask you questions about Alice and what she does with her laptop. And you have the following options based on the path of the game you are in:

Current path	By selecting the option	Result
Hostility paths	So ask her!	continue hostility path
Friendship paths	So you're interested in her blog?	continue true friendship path
	I don't know much about it ...	fake friendship path

Next time Eric comes to your home and Alice does her blog thing. Eric will go to her room. Peep at them through the window and Max will find out that they are talking about buying a bodysuit.

You have to decide whether you want to buy the bodysuit or not. (This choice has severe consequences)
In other word, you have to decide whether you want to keep Alice for Max or not.

If your answer is Yes

At the earliest possible opportunity talk to Alice about what you heard then make sure that Alice shows the photo of her desired bodysuit to Max on her laptop. Now you have to hurry and buy bodysuit for Alice before Eric (when they are go shopping). The next time while Alice is doing her blog thing, go to her room and give her the dress. After talking with Alice and what happens in her room, you can go further in her massage in the yard.

Eric will talk to you after a few days and tell you that you made a big mistake.

If your answer is No.

Let Eric by the lingerie for her.

In the hostile path:

In the hostile path of the game, after getting rid of Eric, During one of the breakfasts, Ann will talks about the difficulty of her working conditions despite Eric's harassment. After that, Alice will talk to Max about her readiness for going to shopping with him.

From now you are earning money from your website. Pay 50\$ for ads time to time to increase your revenue. Also, by buying more cameras and installing the cameras, your revenue will increase to the point that you no longer need to take money from Ann and Alice. And you can repay your loans quickly.

After installing each camera, you can watch events through that camera. Currently two events depend on the use of the hidden cameras. But be aware that using the cameras will not improve your stealth skills.

To installing the second camera in the bathroom and yard:

Use the ladder several times to peep on Eric and Ann in the bathroom or peep all girls in bath by using the ladder at least once. Now the 2nd camera for bath will be available in the store. Buy and install the second camera for the bath.

<<This is the end of "School girl"Opportunity in the current version>

Arachnophobia

Day 2 > Dinner time:

Ann will talk about spiders. Follow the conversations:

And what...

Where would...

Yeah

What's ...

Okay, tell....

Are you

**** Now the "Arachnophobia" is started****

Use your laptop:

Laptop>Search Bar> Read about spiders

You can find spiders in the yard on 10:00 AM

When and where can spiders be used??

If Alice is alone in bath in the morning. You can use spiders. Peep Alice in the bath from the yard and use the "Use the Spider" option. Alice will ask you for two things, one is to give her a towel. And the other is to get rid of the spider for her. If Max has good persuasion skills, you can tease Alice a bit.

After this, whenever you have a spider, you can go to Alice's room at the best possible time (00:00 AM) at night:

Hide spider

Go to sleep

If you are lucky, Alice will come to you in the middle of the night. [\(This event is random\)](#)

[You can use the spider in Alice's room to confirm that she has done correctly her deals with Max.](#)

[Tip: Your cigarette deal with Alice will affected on Alice room events.](#)

For the next step, if Alice's massaging has started in the yard and Max has good persuasion skills, you can use the spider while massaging Alice. [\(For more info, check "talented masseur" OP\)](#)

Next time you go to Alice's bathroom with a spider, if Max have a high level of persuasion skills and a good relationship with Alice. You can select the "towel down Alice" option.

If Max has been Spanked Alice at least once. After hug her near the bathroom, he will have the opportunity to go a step further ([For more info Check "Taking care of your ass" op](#))

When Max place the spider next to Alice and he progress in massage skills (reach to thighs) another option ("Squeeze Alice ...") will be added to Conversations. Select it, now be quick in choosing the next right option.

(Suggested arrangement for this part: [1] thighs, [2] toes & ankles, [3] legs, [4] waist, [5] shoulders)

When Max get more progress in the massage by the pool and place the spider next to Alice, another option ("hide behind me, at least") will be added to Conversations. To adding this option you need:

- *Max should only be wearing shorts.

- *Alice should be without a swimsuit top.

- *Alice has already received bodysuit from max.

- *Max should at least rub Alice's ass once during the punishment in the yard (for this you need to spank first gently, and then strongly).

After this, you can progress in foot massage with Alice. ([For more info check the "naughty feet" op](#))

[If Max has been punished by Alice correctly: \(For more info check the "Who don't take risks" op\)](#)

Place the spider in her room at night then wait for Alice to come to Max at bedtime.

When you go to Alice's room, ask her to take off her top, then throw out the spider from the balcony. Now you will have the chance to stay in Alice's room.

Repeat this again (placing the spider and going to Alice's room) Alice must wake up and realize what is happening.

[Tip: If you are on the hostile route and Max has given Alice the BodySuit, there will be an extra option in this event.](#)

Now, when Alice is watching TV, do the successful foot massage again without the candy and go higher parts.

Once again at night, put the spider in Alice's room and stay in her room for the night

After that, in the morning when Alice is alone in the bath, use the spider. Max can do some extra in Alice's bathroom if he has given Alice candy 5 times and hugged her for it during the game, also if Max has given Alice the bodysuit.

Repeat this (placing the spider in Alice's bath) event for two more times.

After Max enters Alice's bathroom for the third time in the morning, Alice's behavior towards Max will change.

Put the spider in Alice's room and stay in her room for the night.

Now a little progress needs to be made in the "take care of your ass" opportunity. Check that OP

<<This is the end of "Arachnophobia" Opportunity in the current version>>

Alpha

The first time Eric comes to Max house. When Ann is getting ready to go out. He will talk to Max. This is a very important time in the game. You have to decide whether to be Eric's enemy or become his friend.

Follow the conversations in the direction you want.

Now you have only one week to buy a swimsuit and party dress for Lisa and Alice! (If you don't want to lose the girls)

If you buy both clothes before Cyber Bank enters the game. Cyber bank will not enter the game. Which has no effect on the game process. But based on experience, it is better to buy one of the clothes before the cyber bank enters the game and the other after the bank enters.

Before the one-week deadline expires, Max will find out he can loan from the bank.

Use Max laptop:

Laptop>search Bar> Information about loans

You need to setup Max site before taking a loan from the bank.

Loan from the bank as soon as possible and buy the clothes and give them to the girls. (Not without ask anything from them in return)

Tip: From now on, you can use \$500 per day in cheat mode. (For more information, read the Cheat Mode section of the guide)

After a week Eric will talk to Max again and you will make your final decision about whether he is a friend or an enemy.

After this selection, the game will be divided into two paths:

Friendship with Eric and Hostility with Eric

In the current version of the game after this selection you no longer can change the path of the game from friendship to hostility and vice versa

After a while, Eric will talk to Max about Lisa education and Alice blog. As mentioned in the "Blog" and "Mentor" opportunities, you can have your choices in response to Eric. In the path of friendship with Eric you can choose the path of friendship with Eric or pretend to be friends with Eric

After these selections, the game will be divided into 3 paths:

True Friendship with Eric, Hostility with Eric and Fake Friendship with Eric.

After Max's direct involvement in Lisa and Eric's private education ([Read "Mentor" opportunity for more info](#)). On the first Thursday after this event Eric will accuse Max of stealing money from him. And through it, he tries to send Max to a military camp. To prevent this from happening in the game, you need to start

the "Blackmail material on Eric" opportunity before Eric slanders Max, otherwise Max will definitely be sent to a military camp. ([Read "Blackmail material on Eric" opportunity for more information](#))

This opportunity is important because when Eric slanders Max, you can prove that he is lying and that he is not who he says he is. Also, to have a chance to get rid of Eric before he gets rid of Max (by sending Max to a military camp).

After Eric slanders Max, the family refuses to talk to Max for a week except for Kira. She is the only person who believes Max. Talk to her.

<<This is the end of "Alpha "Opportunity in the current version>>

Note that these options and their selection can change the path of the game and have impact on the future of the game.

Current path	By selecting the option	change to
hostility path	I won't let you have Lisa!	continue hostility path
friendship path	No, you can teach her Isn't a little early for her?	continue true friendship path fake friendship path

If you are on the path to hostility with Eric:

The next time Eric comes home, it will be mentioned at the dinner table that he wants to teach Lisa. Ann tells Lisa to go to their room. When Lisa is in their room, go to their room and you will realize that you have to look at the events inside the room through the hidden camera. Then look through the hidden camera at what is happening in Ann's room. After Lisa returns from their room, talk to her about it.

The night Lisa goes to Ann and Eric's room for the second time. You have to look at the events inside the room through the hidden camera. Talk to Lisa about it after she returns from their room. And ask her to let you know if Eric wants to make a move on her.

When it happens for the third time and Lisa goes to their room. After returning, if you talk to her, you can make a deal with her about something.

After a while Lisa will talk to Max about Eric and his lessons. Max will think he has to do something about it. If Max's influence on Lisa be greater than Eric's influence, Max will persuade Lisa to stop doing this and Max will talk to Eric about it. But if Eric's influence on Lisa be greater than Max. Lisa asks max not to intervene.

Max can disrupt this in two ways:

Indirect intervention:

One day after Lisa talks to Max, two types of pills will be available in the store. Buy them. Help Alice set the table on Monday. Pour the laxative pill into Eric's food while setting the table. Eric will spend the whole evening in the bathroom 😊 Or you can use the Sedative type and Eric will be asleep until tomorrow morning without need for a lullaby. 😊

Tip: This type of interference is mostly used to buy time for unfinished tasks

Tip: In any case, buy the pills. They will help you in the future.

Direct intervention:

On Monday after dinner, Max can go straight to Lisa's room and intervene to prevent things from happening.

After this event, on the first Thursday, Eric slanders Max for stealing money from him.

[Read "Blackmail material on Eric" and "Alpha" Opportunities for more information and to follow up.](#)

After getting rid of Eric, talk to Lisa and ask her how she feels about recent events.

Talk to Lisa again in the morning and ask her if she has read the book you gave her.

Now you can continue the kiss lesson with her. Do kiss lesson at least for 6 more times

If you are on the path to fake friendship:

By selecting option "Isn't a little early for her?" you will buy some time to stop Eric from teaching Lisa. But after a while, Eric will talk to Max again about it.

The next time Eric comes home, it will be mentioned at the dinner table that he wants to teach Lisa. Ann tells Lisa to go to their room. When Lisa is in their room, go to their room and you will realize that you have to look at the events inside the room through the hidden camera. Then look through the hidden camera at what is happening in Ann's room. After Lisa returns from their room, talk to her about it.

The night Lisa goes to Ann and Eric's room for the second time .Max can watch what happens inside the room through the window. After Lisa returns from their room, talk to her about it.

When Lisa goes to their room for the third time. After returning, if you talk to her, you can make a deal with her about something.

After a while, Lisa will talk to Max or Eric. Max will think he has to do something about it.

On next Monday after dinner, Max must try to get to Lisa's room for the events that are happening in the room and intervene in it. Then talk to Eric about it.

Talk to Lisa the next morning about the book you gave her. From now on, you can continue the kiss lesson with Lisa. Do kiss lesson at least for 6 more times.

If you are on the path true friendship with Eric:

When you talk to Eric, you will ask him for benefits in exchange for Eric teaching Lisa, and he will tell you to think about it and tell him what you want.([Read "Control" opportunity for more information and to follow up.](#))

The next time Eric comes home, it will be mentioned at the dinner table that he wants to teach Lisa. Ann tells Lisa to go to their room. When Lisa is in their room, go to their room and you will realize that you have to look at the events inside the room through the hidden camera. Then look through the hidden camera at what is happening in Ann's room. After Lisa returns from their room, talk to her about it.

The night Lisa goes to Ann and Eric's room for the second time .Max can watch what happens inside the room through the window. After Lisa returns from their room, talk to her about it.

When Lisa goes to their room for the third time. After returning, if you talk to her, you can make a deal with her about something.

After a while, Lisa will talk to Eric about teaching him and Max can't stop Eric from happening. (There will be no pills on the path of full friendship with Eric).And Max will think about taking advantage of this.

Stick or Carrot

Make sure you have at least 30\$ in your pocket before you doing this step. Because you do not have much time to do the next thing:

Morning > Bathroom:

Peep Lisa when she is in the bathroom and keep doing it until she realizes it. (Don't worry)

Talk to her and ... she will be ask some sweet from you

**** Now the "Stick or carrot" is started****

For the fourth time, you should have about 250\$ in your pocket to do this. Buy the robe and give it to her.

After this, you can buy this sweet every 5-7 days and give it to Lisa, which has no effect on the progress of the game, but it makes her mood better.

For the fifth time, Lisa will force you to either watch a romantic movie with her or you will be punished in front of everyone. Do this three times. If you reach to the kissing lessons, for the fourth time, you can watch a horror movie with Lisa (It will end in kissing)

After this, if Lisa be topless at least twice on Friday nights with Olivia and Max has defended her against punishment five times, Max will think he can ask for something to protect Lisa from punishment. [\(For more info check the "schoolmate" op\)](#)

So talk to her and make a deal. From now, Max can only go to Lisa's bathroom twice a week, and for the third time Lisa will not be topless for two weeks .also, if Lisa get punished, she will not be topless for a while.

<<This is the end of "Stick or carrot "Opportunity in the current version>>

Morning > Bathroom:

Peep Alice when she is in the bathroom and keep doing it until she realizes it. (Don't worry)

Talk to her and ... she will be ask some sweet from you

**** Now the "Who don't take risks" is started****

**** Now 3 types of sweets are available in the store****

Buy the "Ferrero rocher" type as soon as possible and give it to her.

After giving sweets to Alice, if you go to her bathroom in the morning for next 2 days and she notices your presence, Max will be punished without warning and the chance to talk to her to solve the problem.

The next time you go to Alice's bathroom and she notices you and you apologize, Alice will ask you for a special dress. This item will be available in the +18 section of the store. Buy it and give it to her. (As before, not without asking for something in return)

Do it again, when Alice is alone in the bathroom, go to her bathroom and make sure she notices your presence. This time you need 300\$ for what happens next. Apologize to her and she will ask you for another thing. Buy it and give it to her.

The next time you go to Alice's bathroom and she notices your presence, when you want to apologize to her, Alice will tell you to visit her later. Visit her the same night after dinner while she is watching TV.

Do it again, go to her bathroom and make sure she notices your presence. Apologize to her. Again Alice will tell you to visit her later. Visit her in the same night after dinner while she is watching TV. Follow her.

The next time Max doing this and uses candy for the first time before going to Alice's room. Things will be different and Max will say in response to Alice's question that he is afraid to recount his thoughts.

Peep Alice while she is using the bath in the morning and use the "make noise" option. In the evening, when Alice is watching TV, go to her and give her a candy, then go to her room to punish. In the options,

tell her Max need a closer look and since Max is strapped to the chair, she can do something. Complete successfully the punishment on its longest path.

Now, you need progress on the "Arachnophobia" opportunity if Max gave the bodysuit to Alice. (Check the "Arachnophobia" opportunity for more info)

After staying in Alice's room during the night for the fourth time and completing the events of Alice's room, Max needs to change the level of his relationship with Alice. So:

Buy a pack of cigarettes in the store and give it to Alice. Now visit Alice at 13:00 when she is smoking and use the option to punish her as a deal. Do not be merciful in punishment!!!

Tip: This will happen when Max and Alice do not have another deal. If they have, cancel the other deal first, then try again.

In the morning, when Alice is alone in the bathroom, go to her bathroom again through the courtyard and use the "Make Noise" option. Then at night, when Alice is watching TV, go to her for punishment. This time, do not use the candy before entering her room.

Save the game here.

Tell Alice that since you are tied to the chair, she can do something. Use save/load and complete all events successfully.

Time to revenge:

Buy a pack of cigarettes in the store and give it to Alice. Now visit Alice at 13:00 when she is smoking and use the option to punish her as a deal. Do not be merciful in punishment!!!

Tip: This will happen when Max and Alice do not have another deal. If they have, cancel the other deal first, then try again.

There are two options, the result and punishment are the same, only the way to do it is different:

Option 1:

The next day, give the pack of cigarettes to Alice. Go to her room and find the pack of cigarettes. Make Anna notice and decide to punish Alice. Protect Alice from punishment. Now go to Alice the next day when she is sunbathing to punish her. Do not be merciful in punishment!!!

Option 2:

Once again visit Alice at 13:00 when she is smoking and use the option to punish her as a deal. Do not be merciful in punishment!!!

After taking revenge on Alice, you can do more things with her, for this read the "Alice's Events" section.

FAQ

Does cheating mode negatively affect the game?

Yes, using cheat mode can negatively affect the gameplay. This is because some events start or end earlier than they should, while other processes assigned to them have not gone through the right process. This will cause problems.

Is it possible to use cheat mode without any problems?

Yes, and maybe, if the player knows the correct course of events in the game and uses each one exactly in its place. In this case, the reason for using the cheat mode is only to facilitate some basic things.

When will Aunt Kira arrives?

Normally , on the morning of the eighteenth day of the game.
In the other case, about 2 weeks after the first talk about her arrival.

Is it possible to get rid of Eric?

Yes. On the Hostility path.

I am using cheat mode and can't finish "Mentor". What should I do?

Use one of the saves before starting the kissing lesson.

Start kissing lessons with Kira and finish all three without asking Lisa.

Forget everything in the game except "Mentor". Just take this opportunity, do not do anything to others.

There is time for other opportunities.

Then start teaching Lisa.

Wake up every day after Lisa. (Do not use the "Sleep" button at the end of the day. Set the clock to 7 to wake up)

Be careful of Lisa's mood (very good) and your relationship with her (warm).

Do not let Lisa or Alice be punished when doing the "opportunity".(Use save / load)

Be careful of Lisa's homework (Lisa should show both breasts while doing homework. If she does not do this, you did something wrong or you forgot something)

Use save / load during the kissing lesson to do it successfully.

Do the kiss lesson successfully 9 times in a row.

****Now the book is available in the store****

How can I install a second camera in the bathroom?

Use the ladder several times to see Eric and Ann in the bathroom then Use the first camera to see the bath twice when it's not empty. You will find out that the first camera does not cover the entire bath. Now you can buy a second camera and install it in the bath.

Tip: You can install the second camera in the yard and bathroom when you have installed the first camera in all places.

How do I know which game path I am currently on?

Go to the characters section in the game and click on the Max character. Now check out Max's relationship to Eric's:

From the beginning of the game until the 11th day of the game, your path in the game is unknown

After the 11th day of the game, there are two paths: friendship and hostility.

If you be on path of friendship with Eric and don't tell Eric about Alice's blog, and you buy time to prevent Eric from teaching Lisa. You are on the Fake friendship path if not you are on the True friendship path

I have almost reached the end of this game update, but some of my game memories and galleries have not been opened yet. Am I missing or forgetting something?

No and Yes!

Currently some memories need special conditions to open. For example, the memory of the spider massage by the pool will open when Alice is topless during the massage and...

The fact is that at the moment the memory part of this game is not much involved in the game process. You can finish the game while some unopened memories remain. And that doesn't mean you miss anything in the game. So do not get involved in this part of the game too much.

But the issue with the gallery is different from the memories. If you have an unopened section in your gallery, for example Photo shoot with Kira, it means that you ignored a scene while shooting and you loss something.
