

College Kings Walkthrough [v12.1.1] Credit:

- Condyl on Steam for Act 1
- Act 2 & 3 guides created by gamingdevil800 on F95zone

This is an Optimised Path Guide to Bang Everyone

You will unlock nearly every scene in one playthrough apart from two homecoming scenes which require save scrumming [guide will inform you on the best moment to do this] A separate playthrough for joining the Apes is also required if you want to unlock scenes with Samantha. You must join the Wolves for your first playthrough for this guide to be accurate

Your KCT will change a lot from loyal to popular to confidant etc but the guide changes this score where appropriate to allow you to unlock every scene and get the correct starting points with LI's

Note: This does not cover relationships e.g. becoming the characters Boyfriend as this can lead to you missing sex scenes and this guide is intended to open up "fuck buddy" relationships with all the characters.

Main Playthrough's Break Down:

1. Wolves Playthrough following this guide (Ms Rose is a Wolves Only Option)
2. Apes Playthrough to get Samantha (just agree with Samantha on every encounter) and don't have sex with Aubrey in Act 3 on plane to get an exclusive sex scene in Act 3

Sex Scenes/Scenes You May Miss:

1. Amber Homecoming (save game when prompted in this guide)
2. Riley Homecoming (save game when prompted in this guide)
3. Lauren First Time do this in a separate Ape playthrough or save before the plane journey (don't have sex with Aubrey on the plane)
4. Samantha First Time do this in a separate Ape playthrough
5. Riley or Chloe Roommate choice in Act 3 either save or do the other choice in separate Ape playthrough
6. Chloe Act 3 Part 3 you need to be Chloe's BF to get that scene. I recommend saving when prompted to in the guide or set up an alternate playthrough for it.

Act 3 starts on page 25
