Day 1 (Day time)

Melo wakes up and check his messages. **[Some lore is Available on internet by clicking on News Bait.]** After downloading Interstar send a message to Zaine from the stream. From there there are 2 outcomes:

Zaine (Optionnal):

-**Meet Zaine (otter)** before seeing Meli for a **Cockvore scene (Fatal)**. it is possible to escape it and trigger a **hidden sex scene with Meli**. **[Work in progress]**

-**Meet Zaine (otter)** after seeing Meli for an **Analvore scene (Endo or Fatal)**. It is possible to cuddle with Zaine and get to know him better.

Meli (Melo's friend):

-**To see Meli before zaine** doesn't triggers any extra scene with him.

-**To see Meli after Zaine** makes you able to have sex with him.

Shakir:

Going to the store you can **meet Shakir (Cobra)** and learn more about him.

Ana (Half optional):

You can then go the metro station and talk to the NPCs. Take the train to Odaiba to meet more NPCs and **ANA (Fat futa rabbit)**, chatting with her and going along with what she has to say will unlock a scene where **Melo will end up in her underwear** and be carried along to her hotel room. From her it is possible to play a minigame resulting into an **Analvore scene (Endo)**. **The scene is however a work in progress and winning the game will result in a teleport to the world map.**

Ruchex, Kaori and Amy:

Going to the Aquarium and then to the streets you'll meet **Ruchex (Fat mouse)**

-If you piss Ruchex off he will **swallow Melo (Fatal but escapable)**, escape him by struggling when the police officer is talking to him then shout when she's close to the belly to escape the large mouse. BE CAREFUL, Struggling when she's close to the belly will result in a funny scene but Melo will remain in the stomach. Escape the belly to meet the police officer **Kaori (Pig)** and get to know her.

-If you ignore Ruchex you'll meet **Amy (Frog)**.

Azul and Seras:

Going to the onsen you'll meet **Azul (Dragon)** in the locker room, from here you have 3 options:

-Take a bath with him and try to romance him, running away will result in a potential romance. if you go all in it's possible to **force yourself into his cock (Endo)**, however, doing so will result in him getting hard and attracting Seras attention who will decide to have sex with him. Staying put will allow Melo to escape his cock safely once they are done. Wriggling will result in **Azul blasting his load and Melo into Seras womb (Endo but still game over)**.

-Take a bath in the macro bath to meet **Seras (Dragon mom)**, If you hide under the water she will sit on Melo and **analvore him (Fatal)**, she will be unaware of it depending on how much Melo squirms. If you choose to confront her you'll get to know her better, but going along with her fantasies will end up in her **eating Melo (Fatal)**. Leaving before she reaches Melo will allow him to avoid the encounter.

-Take a bath alone and avoid all scenes if you leave the room (but let's be honest, it's very boring.)

Tina, Shannon and Talash (Optional):

[THIS WHOLE SECTION IS ONLY AVAILABLE FOR CURRENT BUILDS AS THIS PART IS ONLY SUPPOSED TO HAPPEN AFTER DAY 2] Going to the hotel you'll meet **Shannon (Giraffe**

receptionnist) and get the possibility to apply for a part time job. Shannon has no other scene as of now

You can meet **Tina (Human)** on the left who will asks you sexual preferences, she has no scene as of now.

On your first working day, Shannon will ask you to check on a guest, it's **Talash (Dragoness)**, agreeing to anything she says will result into a very hard minigame that is **CURRENTLY UNWINNABLE** where Melo get's **swallowed (Fatal)**. It is however possible to avoid being eaten by saying no twice to her then go to the corridor and talk to the NPC sitting on the sofa. Going back to her after that you'll see what happened to the poor soul.

CAREFULL THERE!

To finish the store, aquarium and the onsen will result in the end of the first day and those scene wont be replayable.

Once the store, aquarium and the onsen has been visited, Melo will go back to Meli's house and wait for him. He receive a message saying to join him back at a club.

Day 1 (Night time)

Brivaelle:

Melo arrives at the club entrance and gets his first experience with **Brivaelle (Shark bouncer)**. From there, a few choices are possible:

-Talk to her and accept her terms to start a minigame, you must reach maximum satisfaction to proceed to the club. The way to win this is to use the BURY option then rest. If her hunger or her anger gets too high, massage her gut to keep it to a reasonable level. Every action increases the Initiative, once full you unlock the JOSTLE move, use it to reduce her anger. It is only possible to reduce her satisfaction once by groping her gut and calling her big. If her anger gets maxed she will **swallow melo (Fatal)**, if her hunger gets maxed she will **shove Melo into her navel and absorb him (Fatal?)**, if her satisfaction gets maxed but you still decide to simp for her will result into a **willing navel vore and absorbtion(Fatal?)**.

-Completely avoid the encounter by waiting and sneak into the club when she looks away. If you try to sneak while she's not looking away she will **swallow Melo (Fatal)**. Trying to get out by the same entrance will result in a similar game over.

Luvalind:

Inside you'll meet **Luvaling (Futa Griphon)** who will get you changed. She has no other scene on the first day.

-Melo is now inside of the club but Meli isn't anywhere to be seen, simply talk to every npc until Melo's scene triggers then talk to the npc on the far right. She will mock and deny him the access to the backstages. Sit at the bar to get **Yin and Yang's** attention, they will tell him to get eaten by Evan to get to the backstages.

Evan:

Sit in front of the stage to meet **Evan (Dancer)** and get informations about Meli. You now can do two things with him.

-Ask him to "dance for you" and tell him to "shake his ass" to play with him, once his arousal gets maxed he will **analvore Melo (Endo)**. If melo however chooses to kiss his ass too many time he will **analvore him but this time it will be fatal**.

-Ask him to "dance for you" and tell him to "grind his cock" to play with him, once his arousal gets maxed he will **cockvore Melo (Endo, Fatal)**. It's possible to survive it by grinding and squirming as much as you can, be aware that he has a 1/3 chance to dance and render your action useless. If his hunger reaches max, it's game over.

Melo made it to the backstages, the green room more exactly. **Evan** has to go and forgets his pass behind, pick it up. He can now go back to the backrooms or use the club's back entrance. Well... not quite yet, Melo first need to talk to the **toucan bodyguard (Evakk)**. Once it's done, go back to the club, there is a new figure on the far left, sit at the bar to meet him.

Rez:

As Melo sits next to **Rez** he can't helps but stare at his cock, **Rez** notices it and a conversation starts. He proposes to help Melo finds his friend if he can delivers a package for him. Having no other choice, Melo accepts and must now heads outside the club to meet with a **toucan lady**. On his way to her, his curiosity peaks and a few choices are given to the player.

-Peek into the package, this will results in a **cockvore scene with Rez (Fatal)** later in the game, this is basically a game over state.

-Don't peek into the package for a safe route.

From here you can either show it to the **toucan outside the club** to proceed with the game or to show it to the **toucan bodyguard**, this however will triggers a **pecvore scene (Fatal)**.

Back to **Rez** you should be safe if you decided not to peek into his package. He then gives you a password to give to the bodyguard. Go back to him to finally access the owner's office.

Felissa (Boss):

Melo finally meets with the owner after a few struggles and she show him where Meli is. His friend is being used by her as a **living anal dildo (endo)**, she however threaten Melo to make it fatal if he doesn't pay a ransom. Unable to pay the ransom she makes him work for her to save his friend. She also gives him **the gloomy statue**. Going back home **Melo** places the **gloomy statue given by Felissa** and drifts to sleep.

Belial (Shadow Realm):

When going to sleep **Melo** ends up in the shadow realm where he meets **Belial** who tells him that he's here because he slept next to the shadow **totem (gloomy statue)**. He tells **Melo** that he's now cursed and will come back to this place whenever he dies only to get sent back to life to the last time he slept in his bed. **Melo** then wakes up and the second day begins.

Day 2 and more

Melo wakes up and decide to look for a job.

Melo's house:

Study: **intelligence +1xp**, last 6h.

Jack off: set arousal to 0%, can't jack off under 20%

Yoko (Landlord):

As **Melo** steps out of his house he meets **Yoko** who tells him that he'd better have her money (90000 yens) ready by the start of next month or **it wont end well for him (analvore, oralvore/endo, fatal)**.

Yoko is seen every new month on morning, she will be at **Melo's** door. It is possible to ask for a delay twice but the 3rd time will always result in an **oralvore (fatal)**. Choosing the endo route will have **Melo** locked in her gut for 5 days if it's his first delay and 10 days if it's his second. Talking to her with the **arousal at 100%** will lock **Melo** out of the option to pay his rent.

Ed (Yakuza):

Melo meets **Ed** who's using **Meli's** place as a squat. Ed tells Melo that he's monitoring him after being ordered to do so by Felissa (yakuza boss). There isn't much to do with him at the moment.

Syd (Tutor) (Relationship max possible):

When leaving your home on **monday morning** it's possible to **talk to Syd (Fatass rat)** and learn more about lore and how the world works. When selecting his yellow choices, **Melo** can then call him on **Wednesday and Saturday nights** from his home for tutoring.

Tutoring gives **+2 exp int** and **an extra +1 exp int** if **Melo** answers correctly.

It's possible to start **Syd's relationship** with **intelligence lv 0** by studying under him, but to progress **Melo** needs each time a **certain level of intelligence** and can only go up by a level each night. The final scene being unlocked at **intelligence lv 5**.

When studying with **Syd**, Melo has a chance to get aroused by his ass, increasing his arousal by 100%. The more aroused he is, the more likely he will be to stare at **Syd's** ass. If that happens a detention scene will play and **Syd** will trap **Melo** in his butt for a random amount of days (From 3 to 5). Failing the mini game at the university leads to an **analvore scene (fatal)**.

Syd's relationship lv 9 unlock **1 sex scene** and **1 analvore scene (endo)** with **Syd**.

Syd's relationship lv 10 (max) unlock the ability to call him on **wednesday and saturday** night to repeat these two scenes. **Sex reduces arousal to 0%, Vore increases it to 100%. it doesn't costs money.**

Shakir (Store) (Relationship LV1 max atm):

Talking to **Shakir** will unlock the cashier job (5000 yens every 6h +500 yens per satisfied customers.).

VORE CENTER:

It is possible to apply there for escort jobs to make money.

As prey escort: **Melo** wont be able to do anything for the remaining time of his contract.

As pred escort: **Melo** can still do anything he wants when he's a pred escort but any action that would gets him aroused will lead to an additional increase of 5% arousal. Hitting 100% will have

Melo churning his prey and losing the contract. **There is no penalty for churning more than 3 preys in this build.**

Masika (female cobra)(Vore Center) :

Contract: **Unbirth(endo) / 8000yens**

If Melo cums inside of her womb he will become her son and be **reborn as a cobra (Unlocks cobra form for upcoming updates).**

If Melo cums when his head it outside of her pussy, he will be **absorbed into it (Fatal/sentient)** and remain as such until he gives in and stop thinking.
