

## Drama in the Office

Version 0.8

Walk-through

**Synopsis:** You are a photographer for a small agency. You don't know how your boss runs the office since he rarely has a customer. As the story progresses, you find out the truth about his business. He uses his agency to attract young women. He tells them that he will make them become celebrities. But in fact, he persuades them to become porn actresses.

**1. Romance Route:** You help the women not fall into corruption. This route has 2 branches (minor routes):

- **Harem:** You don't allow the women in your harem to sleep with each other.
- **Girl on Girl:** You allow the women in your harem to sleep with each other.

**2. Seduction Route:** You join the business and corrupt the women. This route has 2 branches (minor routes):

- **Domination:** You don't let anyone else touch the women.
- **Sharing:** You let other men touch the women.

**Notice:** Depends on how you play, you'll end up with a woman or all women in all routes.

**Why should you support *Drama in the Office*:**

- ❖ You will be able to download the genuine game before the public without worrying about viruses.
- ❖ You will be able to decide new characters or new games in the future.
- ❖ I will have some cash to pay bills & to replace broken devices to keep developing the game.
- ❖ I will be able to save money to upgrade the PC for better and faster development.
- ❖ I will be able to use more time and even abandon my job to focus on developing games only.
