Short guide for beginners

(Made and upgraded by Korum and Tor7)

First of all there are two resources necessary for a successful game: character **stats** and **money**. It's **highly recommended** to make your stats **at least 4-5** before starting digging deep into character questlines.

Strength. There are two ways to level up your strength: **gym** and **sport field**. There are 2 ways to unlock the gym: to do Lucy quest or more preferably one. Go to the beach and do [Olivia's first quest](#), after which the gym will be unlocked.

When you unlock the gym, you can work out there for 5 days and it'll upgrade your Stamina.

As for the **stadium** you can run there every day between lessons (12 a.m break).

Strength will help you also to upgrade stamina.

Stamina. Need for every action, especially for interactions with girls.

You can **level up** your stamina values by **higher stats of strength(10 per lvl)** or by **meditating in the bedroom or at the beach(+20)** after meditating for 7 days.

For **stamina restoration** to normal full amount you can **eat at the cafe or at school canteen(\$30)**.

You can **drink coffee at school (restores 10 stamina)** or **drink coffee at home + taking shower(which restores 20 stamina)**

Intelligence. Upgraded by **reading books at home(laptop)** or **library**(when you build it).

Charisma. Can grow up by **watching TV** in the living room or **reading books** about charisma in your bedroom.

Boldness. Growing up by walking in the park at night. Be careful, sometimes it can be dangerous.

Can also be **level up in the bar(+1)** but **at the price of charisma**. Though it will be restored to normal after sleeping.

There are also a lot of **items that can upgrade your skills** (like shorts or rings).

Some of them can be found in **Imagination reflections** and some in **Achievements store**. So don't forget to look there and spend achievement points on it.

Once you get around **150 stamina** you can skip the shower/coffee in the morning. Just meditate and skip right to school. Also, there are some events that are triggered in the morning, so be sure to look around every once in a while.

Upgrade the school when you can. It makes it easier to get your skills up faster.

Money. There are 2 ways to gain money - **main work** and **additional work**.

Main work. To make money you should teach lessons. You gain **30 \$ at start**, but gain every **+20 \$ for raising qualification**. To raise qualification you should do **Clara's tasks (+50 \$ reward for each approximately)**.

Additional work

There are a few ways to spend additional money.

School - Clara's tasks and **additional lessons(+20 \$)** and **school surveillance (+10 \$)**

Cafe - 8\$ by default + More depending on your charisma attribute

Home - **taking orders** by laptop. Price depends on your level of intelligence.
