Getting started

In this game, you play a university student named Tom and choose what to do during the school week, Monday through Sunday. Each day is broken into 4 parts.

Morning, Afternoon, Night, and Midnight.

Every Monday Morning transports you into class and passes time to tally your school grade.

Grades

You earn a school grade at the beginning of each week that totals from the previous week. Go to class in the morning to earn credit (You will need Intelligence at least 5 to earn credit). Higher Grades will net you to go into a high school.

Grade A = 3 or more class Grade B = 2 classes Grade C = 1 or less class

Stats

Energy – Energy is what allows you to do things. You can train either at school playground east or at the park. High energy is needed to unlock pairing with either Anna or Rei in P.E. Class.

Starting Perk = Football (Energy 60)

Sperm – Sperm is what allows you to do ecchi things. You can train this stat by entering the massage parlor (Emily) and getting a massage at night.

Starting Perk = Jerk off 3 times (Sperm 30)

Agility – Agility allows you to bypass agility check such as sneaking into people's room at midnight or catching a cat.

You can train this at the park with Old Man. Meet Old Man Friday morning and give him Eris panties to unlock his weekend morning training.

(Eris panties are inside a bin outside the home shower Wednesday Morning)

Starting Perk = Yoga (Agility 5)

Charm – Charm allows you to be able to bartend at night (5) and befriend ladies.

You can increase it by going to the

mall and/or convenience store and buying items that increase it.

Starting Perk = Handsome (Charm 5)

Intelligent – Intelligence allows you to take classes and hack into Kenta's computer.

You can increase this by going to the library. This stat will decay by 1 at the beginning of each week.

Starting Perk = Video Games (Intelligence 5)

Luck – Luck allows you to see random events more frequently and avoid game overs.

You can raise this by praying at the shrine. *(Take the train station located in the city center to arrive at Sunset Hill where the shrine is located)*

You can also increase this by buying an item to increase luck.

Starting Perk = Jackpot (Lucky 5)

Strength – Strength allows you to pass intimidation checks and raise Anna’s love.

You can increase this by working out with Anna in the gym on weekday afternoons. This stat will decay by 1 at the beginning of each week.

Starting Perk = Football (Strength 5)

Earning Money

You can earn money by working at a convenience store cashier or nightclub bartender.

The convenience store can be found south of the city center waypoint and will have a grocery cart sign. Go to the cashier and choose talk to work there at any time. Pays 100g

The nightclub bartender job will need you to have 5 or more charm. Read the nightclub sign at night and go inside and talk to the man in the southwest corner of the club. You will play a mini game that will give you more pay the better you do. Pays between 100g-300g

(You can convince Rei to photoshoot with Kenta Saturday morning for gold)

Midnight Lockpicking

You can sneak into other people’s rooms by lockpicking their room at midnight.

You will need to purchase thief tools for 500g from the shady man. He can be found east of the East Downtown waypoint. Agility must be 5 or more to succeed in lockpicking someone’s room. You must give them sleeping pills in order to interact with the sleeping girls. You can purchase this from the shady man.

Entering the Attic

There are stairs on the 2f of Home that leads to the attic. Interact with the stairs will show it is locked and the key can be found on Kenta’s bookcase. You will need to take the keys when Kenta is not in his room. The simplest solution would be to get a lap dance from the stripper in front of the nightclub then visit his room Friday night when he would be visiting the stripper. The attic will allow you to peek at the girls. You can peek at Rei on Saturday morning and Rin Wednesday midnight.

Drilling the showers

You can buy a drill at the convenience store which will let you peep in the girl’s lockers from the boy’s lockers. The lockers are in the gym northwest end. You can peek at Rei Tuesday Afternoon and Anna Thursday Afternoon.

Ladies of the Night

You can visit ladies of the night that look like Rei and Eris (Hmm). Rei lookalike Eva can be found outside the nightclub while Eris lookalike Lily can be found on 3f at the apartments south of city center. Both will only appear at night, but Eva can be missing Friday and Saturday night if Kenta is visiting her.

Story

There are two major story events (family outings) that take place on Sunday morning. The first is a beach event and the second is a picnic. You can delay the event by avoiding Rin and helping her until you are ready. Both events will have you choose a girl that will give love to the girl you choose and decrease love for the one you don't choose.

(Picnic can show a NTR Eris Kenta scene if she is corrupted beforehand)

Once you finish both events, the homestay husband Saeki will return.

A new story event which is a movie night. Takes place Friday night after helping Rin with dishes. May need to corrupt Eris and/or Rei to unlock.

Yu Vick NTR

He can be found talking to Yu in Room 2-2 in the afternoon.

Rei Vick NTR

Can be seen talking to Rei Wed **Class Morning** / Busstop Afternoon.

Tips

It is recommended to start with Football and Jackpot perk. You will start off with high energy to do things and lots of money (Also high Luck stat which is difficult to raise otherwise). Try to buy charm items at the mall as soon as possible and work as a bartender for max money.

You should choose Rin at Sunday events since her affection is locked to story. You can also avoid helping her prepare dinner if you want to focus on other events before advancing the story.

With grades, try to fail onto Class C then raise to Class A to immediately unlock Melody/Ophelia and then focus on affection for Reiko. Be sure to just study the first week aside from raising love.

Be sure to prepare multiple saves because there are many choices which cannot be undone that branch out to see different scenes.
