Resident X 0.5 Walkthrough Guide (June 2022 – Author **ILW**)

## Basic Gameplay

---

- This indicates door interactions while hovering over the doors/anything to do with going to different places.

- This indicates character you can interact with which will either pop up a dialogue choice menu or simply triggers a scene within the character

- This can be any object that is interactable and like an item such as hammer, a saw, etc. These items can be picked up.

- This denies access to whatever you are hovering over

Keyboard **CTRL** – lets you skip dialogues faster | Pressing **H** – Will hide the dialogue box | Pressing **ESC** – Will open up the main menu

- This icon hides the dialogues (specifically made for mobile user !)

- This is automatic save with toggle. You can toggle it off or on !

- Click this to quick save

- This skips dialogues in sonic speed !

Check Lucas's PC for Gallery, Wallpaper and Coming soon Music.

- There is wallpaper you can use to change Lucas's Wallpaper, and you might notice a lot of them are locked. In order to unlock them, you have to find a little small card that are hidden around the house. Explore & look for something like this

- Gallery contains four characters currently, for this current version (3.0). You have to play through the character's storyline to unlock the animations
- Need to make **Money**? Check the quickie shop in Lucas PC & get off the PC to start the trigger for chores. After the trigger dialogue, talk to Sadie about the chores
