Serenia Walkthrough v1.1

(Work in Progress)

Enchanted Forest Location

A path many people overlook. You need the shock spell to bypass it. Shock spell can be found past the statue girl in the vault she guards. You need to do the spirit/piggy scene to bypass it.

Empty Stone Room (outside)(where creature in the cells is)

Secret switch & door in the empty stone room

If Mino is blocking your path here, it just means you need to go the other way around her. Fast travel to the two-way split and go right. The path with gup the frog will lead you around Mino here.

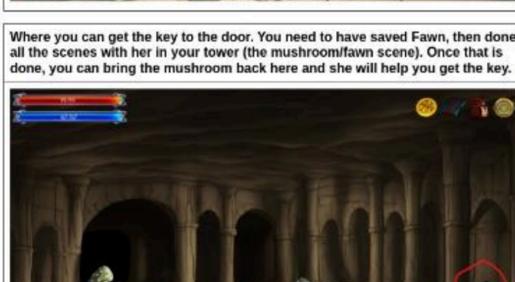

Door that leads to Olivia's personal item and the combo to get in

Trapdoor which leads close to Olivia's statue

Where you can get the key to the door. You need to have saved Fawn, then done all the scenes with her in your tower (the mushroom/fawn scene). Once that is done, you can bring the mushroom back here and she will help you get the key.

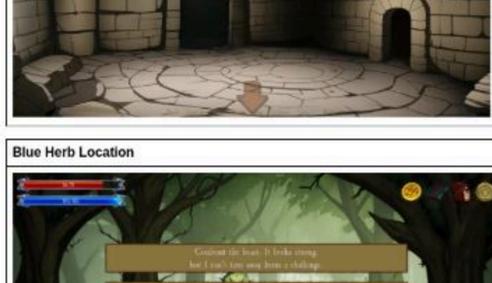

You need to explore both of these pathways fully to beat the game

Q&A

- How to first meet Zuri?**
 - You need to meet piggy at the orc camp, then do the scene with Spirit and Piggy, then talk to Jack at the bar
- Can I save Fawn?**
 - No, unlike other characters, **Fawn cannot** be saved from her initial goblin attack. This is mainly due to how many future events and her own character arc are connected to that incident.
- Piggy is missing**
 - Sleep in bed and she will return to the orc camp
- How do I get past Mino?**
 - First time - You need the invisibility spell which you can get in one of the early dungeon rooms
 - Second time - This only happens if you go down the trap door pathway first. You need to take the other path through the doorway to avoid her. Take the fast travel point with the 2-way split and go right. Follow that path until you are back where Mino blocked you.
- How do I get the Final Key to the door?**
 - You need to have completed the following:
 - Met 'the creature in the cells'
 - Had sex with Zuri (The scene where she is on top)
 - Solved the forest puzzle
 - Jester moved into the tower
 - Did the rabbit blue herb quest
 - Spoke to ghost of Olivia at her statue
 - Once all of those are done, return to the final door and the quest to talk to the creature in the cells should trigger.**
- Forest Puzzle Combination:**
 - green, blue, red, blue
- Cheat Menu**
 - On the bookshelf by the bed
