## Mods

An audio mod that mutes 6 sounds and reduces the volume for 20. I really hate how this game engine forces a beeping sound to be just as loud as the girl moaning.

## Game notes and tips:

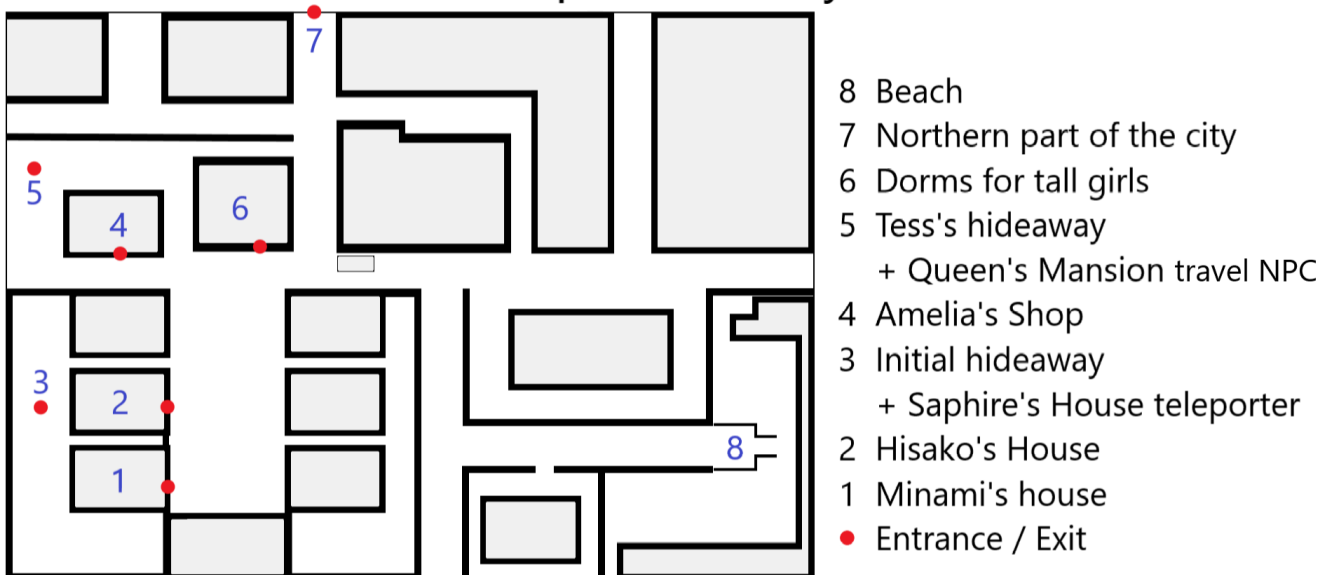

- To avoid breaking the game
  - If any of your stats exceed 9, go into your inventory and use the item "book of skills" to edit that down. That said, you probably won't have to worry unless you used a save editor or have an old save from when the skill book could also raise your levels.
- Stats
  - If you want to heal, you can either sleep or eat a carrot. One source of carrots is Amelia's shop after progressing her quest line.
  - The game is currently designed under the assumption you use the stat increase potions. I suggest reaching 160+ hp and then 120+ stamina before you train with Nyx. That's about 3600 LP, but that's not too hard to get so long as you explore all the girls.
  - You can train odor resistance by rubbing smelly feet or going up a butt. I recommend doing Minami's ~30 minute quest line to max her favorability since her anal vore and foot scenes got me up to level 3 odor resistance by the time I gained freedom at 10 favorability. Level 3 matters since that is what it takes to survive going into Nyx's socks.
  - Amelia scales up to level 7 on all fetishes, so you can grind for exp with her.
  - Both making a girl cum and escaping give bonuses to the related fetish.
- Other
  - Always save when entering the tall girls' dorms. All of Nyx and Nox's events can wind up fatal.
  - Amelia's shop sells thumbtacks that are currently (ver 10.23) only useful during stomping minigames against girls that do not wear shoes.
  - David (located in Tess's hideaway) gives out quests to investigate girls. The investigation requires you to see all of her scenes. When I did it, I had to actually attempt escaping at the girl's five scenes. For a speed run, just try escaping and then hit rest repeatedly.
  - Resting three times in a row guarantees the girl will pull you in. The more times in a row you do it, the more she pulls you in each turn. Rest 6-7 times in a row as a "give up" option.
  - For spawn points with a 50% chance, walk into and then exit a building. Some will eventually guarantee the other spawn after a number of repeats.
  - Holding "w" or "esc" lets you fast forward through cutscenes by skipping text.
  - Holding "x" or "esc" during gameplay spams the pleasure option. Since making her cum is good for exp grinding, that can be useful to remember.

# Character Guide

## Times:

- Morning, Midday, Dusk, Evening, Midnight.
- Each time has three hours.
  - "Morning" means at any hour in the morning.
  - "Morning-2" means only at the second hour of the morning.
  - "Morning-2/3" means at either of those times.

## Sapphire

- Tutorial girl
- Accessible through the initial hideaway teleporter. When controlling her, you can do any kind of scene by picking up a tiny, going into your inventory, using the 'tiny man' item, and selecting the fetish.

## Aria

- Queen's mansion, blonde maid
- Fetishes:
  - cock vore
- Accessibility:
  - Morning, in her bedroom.
  - Dusk, in the bathroom.
- Scenes:
  - Bedroom masturbation, dishes, bathroom blowjob, bedroom sex, sleep.
- Notes:
  - Simply seeing all five scenes may not allow her related quest to complete. However, trying to escape and then failing during all five scenes certainly does the trick.

## Maria

- Queen's mansion, silver haired maid
- Fetishes:
  - unbirth
- Accessibility:
  - Morning, in her bedroom.
  - Midday, at her desk (next to her bedroom).
- Scenes:
  - Morning, at work, in the city, giving a report, sleep
- Notes:
  - Escape while she's in the city as a way to leave the mansion.

## Anabelle

- Queen's mansion, red haired maid
- Fetishes:
  - foot-crush
- Accessibility:
  - Morning, in her office.
- Scenes:
  - Just a repeatable foot-crush scene.

## Hisako

- Black haired office worker
- Fetishes:
  - unbirth, vore, butt crush
- Accessibility:
  - Morning, in her bedroom.
  - Evening, in her shower
- Scenes:
  - Morning, train, work, shower, sleep
  - Climb her kitchen table for a breadcrumb minigame. Failing on the table gets you eaten and on the chair gets you sat on. Both are fatal.
- Notes:
  - Her house has a guy that sells breadcrumbs for JP and it has a patreon log
  - You can sleep under the wardrobe in her bedroom

## Rumi

- Wears a red track suit
- Fetishes:
  - foot play, trapped in her shoe.
- Accessibility:
  - Midday, on the bench outside the Tall Girls' dorm.
- Scenes:
  - Get picked up and rubbed on her foot (non-fatal)
  - Go into her shoe (fatal)
- Notes:
  - She's the girl running in the morning. You can get crushed by her shoe, but it's not really a scene in my opinion.

## Minami

- Purple haired futa
- Fetishes:
  - foot-crush, panty entrapment, cock play, unbirth, anal vore, oral vore + disposal (if turned on)
- Accessibility:
  - (50% chance) Morning, a bit East of the bus.
  - (50% chance) Midday, in front of her house.
  - (50% chance) Morning or Midday, in front of Amelia's shop.
  - Any time, from Minami's cage. Unlock the cage by getting grabbed at the bus.
- Scenes:
  - While in the cage at her place, "wait for Minami" can get any of foot-crush, anal vore, unbirth, or cock play.
  - In front of her house, dodge her stomp and then get grabbed to get swallowed. Adds disposal if you fail to escape her stomach and have toilet play turned on.
  - In front of Amelia's shop, there are two versions of QTE. Type 1 (where you pick a side) has no scene. For type 2 (where you input keys), dodge the stomp and then get grabbed to get put in her panties.
- Notes:
  - Cooperating with her minigames raises her opinion of you and a high enough opinion has her unlock the cage, which means you can freely enter and exit the cage and her house. Win 10 minigames for freedom. Unbirth doesn't have a notification, but it does give relationship points.
  - I had quite a bit of trouble getting her panty entrapment scene. I've only ever gotten the type 1 QTE in the morning. When I tested the afternoon, she wasn't spawning at midday-1, spawned in front of Amelia's shop four times in a row at midday-2, and spawned by her house four times in a row at midday-3. So, my experience says you should aim for midday-2 for the panty entrapment and midday-3 for the vore. Take that with a grain of salt since the developer themselves said I just had bad luck.

## Nyx

- (Sadistic) Pale giant that likes to talk about stealing your soul.
- Fetishes:
  - Unbirth, trapped in her shoe, anal vore, violent death (if turned on), lesbian scenes, mistress play
- Accessibility:
  - Morning, in the street in front of Amelia shop
  - Midday, she's in her room in the tall girls' dorm.
  - At any time, you can approach her socks in her room.
  - For her training, go to Amelia's shop and buy potions until you hit at least 166 hp and 120 stamina, then complete Nox's training. With that done, go to Nox and select "repeat training". Nyx's training option wound up in there during 10.23. (11)
  - To talk to her as your mistress, approach her at midday in her room with Nyx's gem in your inventory. (12)
- Scenes:
  - Unbirth (accessed morning): Morning, park bench, club, walking while drunk, sleep
  - Anal vore (accessed midday): anal vore + disposal (skat) on failure.
  - Violent death (accessed midday).
  - In her shoe: Approach her socks with an odor resistance of 3+ (otherwise fatal).
  - Training: Foot play 1, foot play 2, unbirth + Nyx banging Hisako, foot play 3, get spit on, encourage her while she holds a plank naked, clean her teeth. (11)
  - Mistress Nyx: Licking feet at the beach, licking a store clerk's pussy, and gathering tinies for her to abuse. Also, refusing her all three times gets you a game-over that includes extreme gore if you have that turned on. (12) The task after that is to go inside the pussy of Nyx's date. The following task is helping Nyx get off (lick her clit and then go up her butt to lick her insides too). (1) Lastly is getting a good ending or a bad ending followed by getting put in a jar that she pees in. (2)
- Notes:
  - Mentions how staying in her will kill you, but that isn't implemented yet.
  - To change her midday scene, exit and re-enter the building (not just her room). May take a couple tries.
  - Nyx's training includes a stomping minigame that is currently (10.23) impossible with base stats. Make sure to buy Amelia's potions. If you want the bare minimum, I'd say 160hp/120mp (the stat block calls stamina mp). Also, I recommend watching your HP. Don't just hold shift while her foot is down. Press just before the damage hits your hp, release, and repeat.

## Nox

- (Sadistic) Black haired futa in the Tall Girls' dorms
- Fetishes:
  - Vore, cock vore, penis play, foot crush, trapped in her shoe, Nox fucking succubi, mistress play
- Accessibility:
  - Morning, midday, and dusk in her room in the Tall Girls' dorm.
  - Note that you must have chosen Nox as your mistress to access those scenes.
- Scenes:
  - Cockvore: bedroom, school, club, sleep, morning
  - From Cage: cock play, foot crush, and being in her shoe.
  - You can go into the shoe in her room at any time to talk to a tiny and/or lick her shoe clean. Fatal with low odor resistance. Can't be won.
  - Pet training: foot play, vore (full tour), being in a condom while she uses it, getting killed for fun, and more.
  - Mistress: Climbing her cock, getting kept in her balls while she fucks succubi, and getting kept in a condom on her cock while she goes to school
- Notes:
  - Getting caught by her and going through her minigames is fatal at an odor resistance of 0, but you'll respawn with an odor resistance of 1.
  - Her minigames have ~6 rounds each and the only escape is choosing to leave the cage at night.
  - It's a 50% chance as to whether she spawns by the window or in the middle of the room. Getting caught by the window gets you caged and the middle of the room gets you cock vored. Leave the building to refresh her spot.
  - After five minigames with Nyx and Nox, you unlock pet training.
  - Finishing all six sessions unlocks the option to replay sessions at will, some game lore, 2 intelligence books, and Nyx's trainings. Keep in mind you don't get to freely leave until All trainings are complete. Btw, before you start Nyx's training, go to Amelia's shop and raise your hp to 160 and stamina to 120. That's the minimum for Nyx's training.

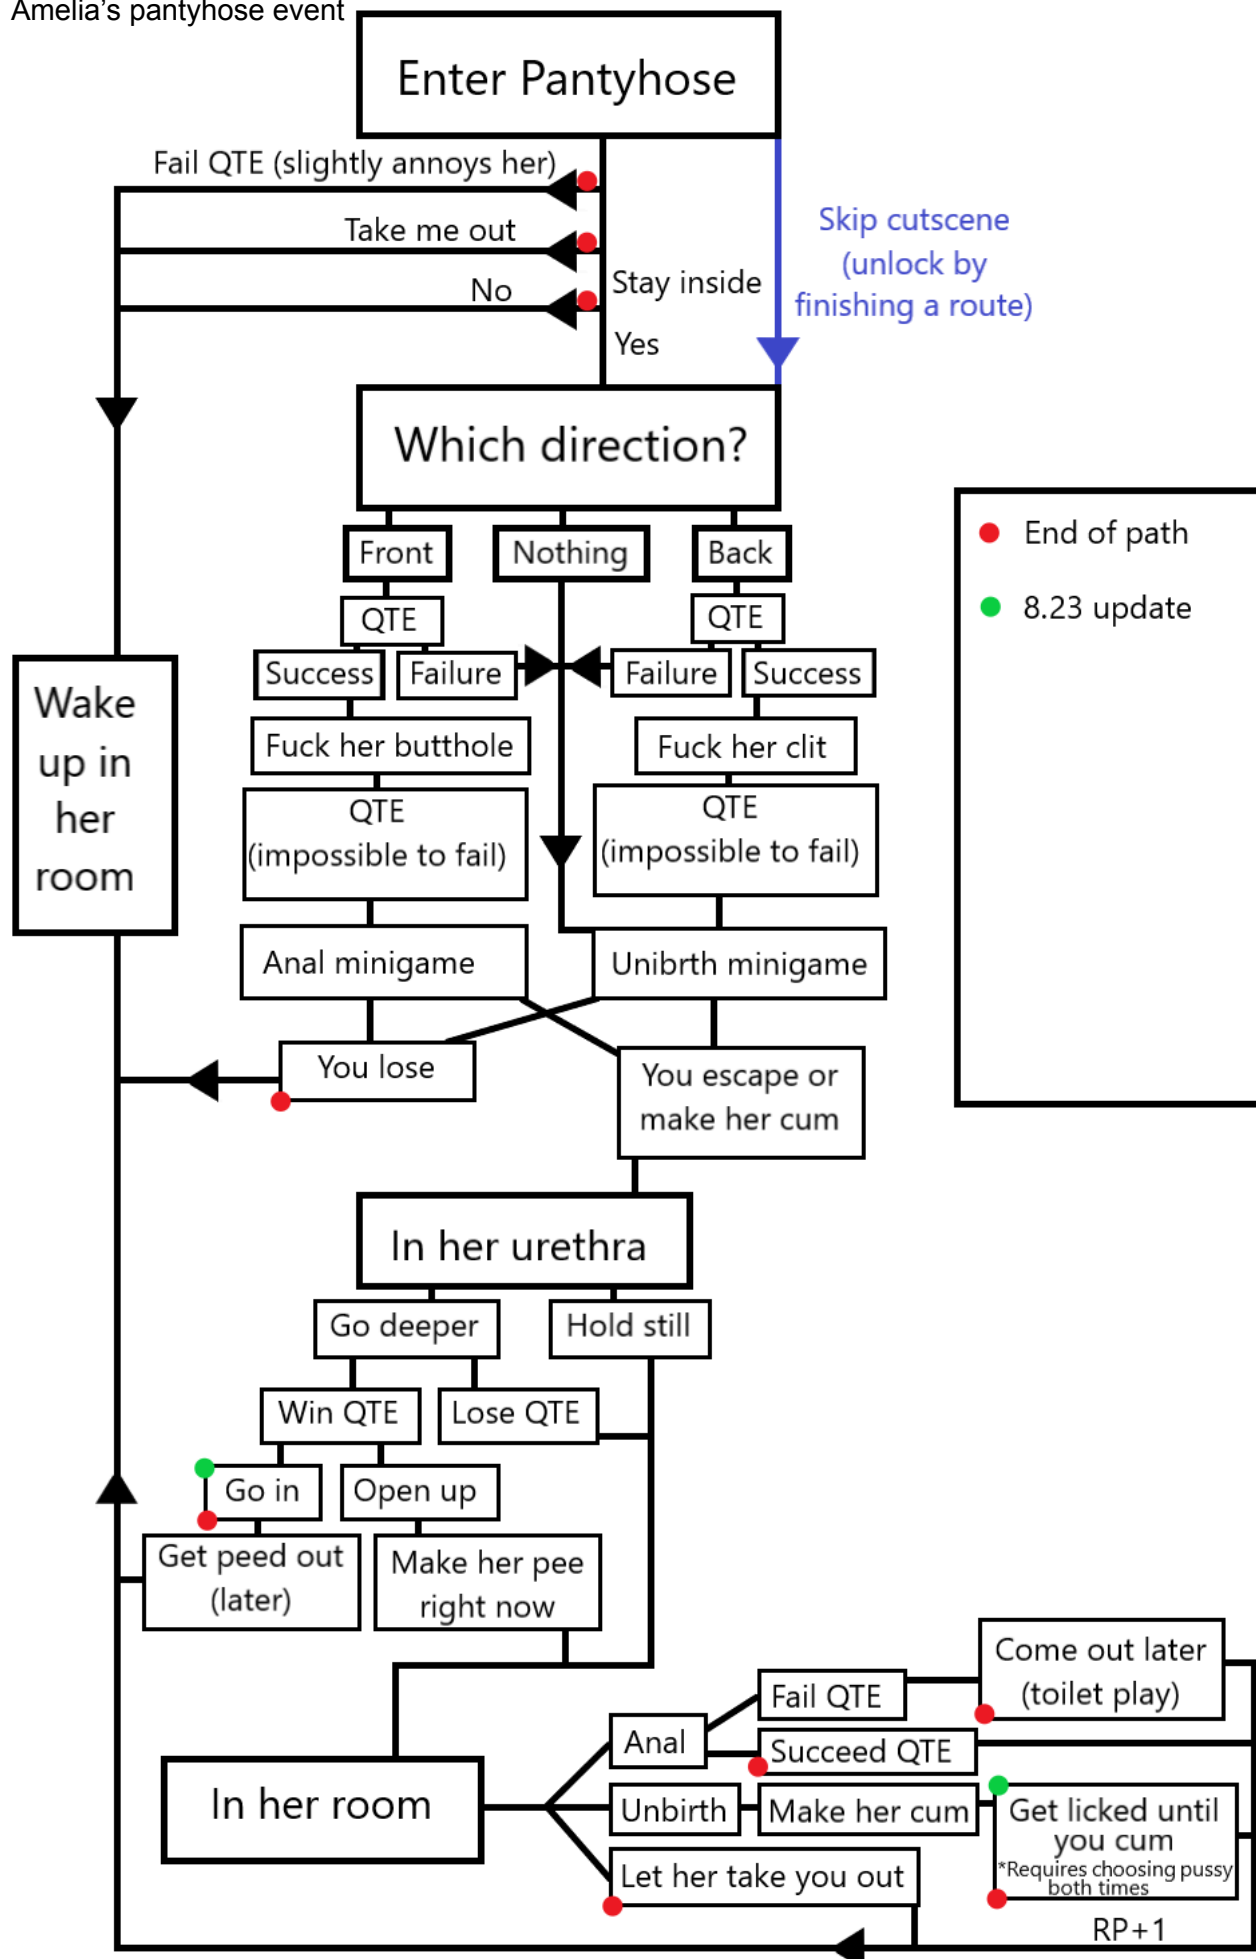

## Amelia

- A shop owner that thinks tinies should be treated humanely
- Fetishes:
  - unbirth, foot crush, armpit crush, breast vore, oral vore, anal vore and scat (if turned on), lesbian sex.
- Accessibility:
  - Morning, midday, or dusk; In her shop
  - Evening-1, on her bed
  - Evening, in her room
  - Midnight, approach her pantyhose
  - If corrupted, the above four will become invalid. Ask the tiny behind her shop to take you to Yuki's place and then visit Yuki's room in the morning (12) (1) or Amelia's room at midday (3).
  - If pure, you can join her for morning bathtime at her house (1)(2)
- Scenes:
  - One for every fetish when training at her house.
  - You can lick her sandals by going into her room
  - Unbirth: morning, midday, and dusk while at work. Evening before bed.
  - Pantyhose: You start under her foot, then you can access unbirth, anal, bladder play, a dildo scene, a scat scene, and her licking you until you cum based on your choices.
  - Bathing with her in the evening
  - Futa with her in the evening
  - During Amelia's visit to Yuki's mountain:
    - Punishing the tinies involves Amelia peeing on them.
    - If you fail to escape Yuki, Yuki will reveal some game lore and torture you for a bit followed by Amelia coming back with three tinies in her shoe.
    - In Amelia's room, you can hop on the bed for fun. Your first option is licking her feet. You can also climb her left foot and continue up her leg to her torso where you have access to her pussy or boob. You eventually have to attempt to tell Amelia how Yuki kidnapped you.
    - Amelia is frustrated and needs you to climb in her pussy and make her cum. Careful as if you succeed in making her cum and then succeed in getting her to take off the amulet, you'll skip the following scenes.
      - Yuki will come in and rub you on Amelia's pussy.
      - Amelia will stomp a tiny to death unless you stop her. (11)
      - Amelia will order you to lick Yuki's feet (11)
      - Amelia will ask you questions. You can get from -3 to +6 corruption here based on whether you answer her three questions truthfully, wrongly, or mockingly. After this, she either takes off the amulet or gets fully corrupted. (11)
    - Once Amelia takes off the amulet, you need to get the key to Amelia's room from Yuki.
      - Dodge the goons, clear the stomp minigame, escape the room, climb in Yuki's pussy when she isn't looking, make her cum while

Amelia fights her, and then watch a cutscene of you being Amelia's little buddy that she asks to climb inside her when she's stressed. (12)

- Getting caught by the goons three times or failing at any portion nets you a game-over where you live out your life in a cage watching Amelia and Yuki fuck each other while torturing tinies. (11)
  - If Amelia is fully corrupted, she'll turn evil, close her shop and move to Yuki's mountain. (11)
- Pure ending achieved, you can now join Amelia in the bath as her soap. You can be rubbed against her foot indefinitely so long as you never fail the QTE. Getting rubbed against her pussy gives you the option to climb in her pussy and make her cum (1) and getting rubbed against her ass is the same (2)
- Corrupt ending achieved, Amelia's room moved to Yuki's mountain
  - (50% chance) You can be player 3 while Amelia fucks Yuki. You'll be tied to Yuki's cock followed by Amelia blowing and then riding Yuki. (12)
  - At midday, go into Amelia's room and you can play hide and seek (hide under panties and whoever finds you uses you as a toy for the day). (3)
- Notes:
  - Amelia scales up to a skill level of 7.
  - To unlock unbirth, keep talking to her and asking "what can I do for you". First four gets you a total of 12 crumbs and 50 jp, fifth has an option to go inside her.
  - To unlock everything else, make Amelia cum, go in again, and then make her cum again to unlock "training" at her house. Includes breast vore, oral vore, anal vore, feet, armpits, and stomping.
  - The entrance to her room is in the upper right hand corner of her shop. You can also enter by staying inside her until the evening.
  - You can rest or lick her sandals to refresh her room while trying to trigger scenes.
  - To unlock Amelia's adventure, you need to have a relationship of 15 with Amelia and then go over to her room (second floor of the shop, get near her bed to trigger it). It has a 50% chance to trigger, so just run back and forth between her bed and the first floor. It seems to work morning through dusk.
  - A travel NPC (to Yuki's temple). Appears behind Amelia's shop once you finish her storyline (costs 50 crumbs for a round trip in version 1.24).
  - The merchant in Tess's Hideout will take Amelia's supplies if she gets corrupted, but he sells with a heavy increase in prices.
  - You can sleep in Amelia's house by interacting with the panties by her bed.

Amelia's pantyhose event

- End of path
- 8.23 update

## Yuki

- A (sadistic) kitsune friend of Amelia that kills tinies daily
- Fetishes:
  - Unbirth, torture, lesbian sex, futa, vore
- Accessibility:
  - Through Amelia's questline.
  - She'll be in her room in the morning if you got the corruption ending (you can sleep using the boots in Amelia's room if you come by at the wrong time).
- Scenes:
  - She'll unbirth you during Amelia's questline. Failing to escape triggers a cutscene where she tortures you after Amelia leaves the room.
  - She'll rub out Amelia using you as a toy.
  - She'll fuck Amelia in the game-over from Amelia's questline
  - She has a corruption ending morning scene that involves fucking Amelia with you strapped to her cock (50% chance to trigger) (12)
  - She has a corruption ending morning scene that involves vore. (12) It's a two part minigame and you get a full tour (1) only if you fail the first part. (50% chance to trigger scene)
- Notes:
  - After Amelia's questline, you can reach her temple through an NPC behind Amelia's shop (for 50 crumbs in version 1.24).
  - You can sleep in Yuki's temple by interacting with the shoes in Amelia's room.

## Ryoko

- A tan futa with big tits. (1)
- Fetishes:
  - Breast vore, cock vore, unbirth, licking a giant's toe fungus, and using her feet to play with you.
- Accessibility:
  - In the club, in her office at midday or dusk.
  - In the club, on the couch in the evening.
  - In her bed at midnight - pick between boob or cock (3)
- Scenes:
  - Ryoko has daily routes with her boob and cock (3)
    - Morning - gym
    - Midday + dusk - her office in the club
    - Evening - The couch in the club
    - Midnight - asleep
  - The first time you escape her while she sleeps, you'll be forced to lick her unwashed body clean (skin flakes, toe jam, smegma, cum). (2)
  - Approaching Ryoko in her office has a 50% chance of Ryoko saying she can see you and asking you to spend some time under her toes. Your goal is to survive 10 rounds of rest/resist. Take breaks for breath as necessary and your reward is 90 LP and a random item. (2)
- Notes:
  - Oftentimes, make her cum and she'll let you out.
  - You can enter the club by
    - Getting caught by Nyx in the morning and escaping when she gets to the club at dusk.
    - Going to the club yourself: Go to Northern Tess and then keep heading North until you see the two guards by a door. After entering the club, cross the dance floor to reach her office on the other side. If the club music is playing, crossing the dance floor requires clearing a minigame.
  - You can sleep in Ryoko's bedroom by interacting with the bundle of cloth against the left wall.
